#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council City of Cornelia Cornelia, Georgia

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund, and the aggregate remaining fund information of the City of Cornelia, Georgia, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City of Cornelia, Georgia's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, and each major fund and the remaining fund information of the City of Cornelia, Georgia, as of December 31, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information on pages 39 through 43 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has chosen to omit Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cornelia, Georgia's basic financial statements. The combining and individual fund financial statements and schedule and schedule of expenditures of projects financed with special purpose local option sales tax proceeds (as required by the Official Code of Georgia Annotated 48-8-21) is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the financial statements.

The combining and individual fund financial statements and schedules, the schedule of projects financed with special purpose local option sales tax, and the schedule of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the special purpose local option sales tax report, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

We have also previously audited, in accordance with auditing standards generally accepted in the United States, the City of Cornelia, Georgia's basic financial statements for the year ended December 31, 2015, which are not presented with the accompanying financial statements. In our report date June 30, 2016, we expressed unmodified opinions of the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the remaining fund information. The audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Cornelia, Georgia's basic financial statements as a whole. The individual fund financial statements and schedules, related to the 2015 financial statements, are presented for purposes of additional analysis and a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the 2015 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2015 individual fund financial statements and schedules are fairly presented in all material respects in relation to the basic financial statements from which they are derived.

#### Other Reporting Required by Government Auditing Standards

Donar & Kirmens, das LLC

In accordance with Government Auditing Standards, we have also issued our report dated June 30, 2017 on our consideration of the City of Cornelia, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Cornelia, Georgia's internal control over financial reporting and compliance.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## **Description of Government Unit**

The City of Cornelia (the "City") was incorporated under the laws of the State of Georgia in 1887 and operates under an elected mayor-commission for of Government. The City's combined financial statements include the accounts of all the City's operations.

The financial statements of the City of Cornelia have been prepared in conformity with the accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for the City's accounting and financial reporting policies. The more significant of the City's accounting policies are described below.

The more significant of the City's accounting policies are described below.

#### A. Financial Reporting Entity

In evaluating how to define the government for financial purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity is made by applying the criteria set forth in GASB Statement 14, "The Financial Reporting Entity" and GASB Statement 39 "Determining Whether Certain Organizations are Component Units". The definition of the reporting entity is based primarily on the concept of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of organizations governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government.

<u>Blended Component Units:</u> - Blended component units, although legally separate entities, are, in substance, part of the Government's operations.

<u>City of Cornelia Water and Sewer Authority</u> – On May 5, 2011, the City of Cornelia created the City of Cornelia Water and Sewer Authority, under the provisions of the Official Code of Georgia Annotated Section 12-8-50. The Authority consists of five directors who are appointed by the City of Cornelia Council. The authority is blended with the Water and Sewer Enterprise fund since all services benefit the City of Cornelia. Separate financial statements are not issued for the Authority.

<u>Discretely Presented Component Units:</u> - Discretely presented component units are reported in a separate column in the combined financial statements to emphasize it is legally separate from the Government.

<u>Cornelia Downtown Development Authority</u> – The Cornelia Downtown Development Authority (CDDA) was created through a resolution from the Cornelia City Commission in 1982 and was reactivated in the summer of 2011. The CDDA was established as a legally separate entity, which operates pursuant to the Official Code of Georgia Annotated. The Authority consists of ten members appointed by the City Council and three ex-officio members. The Downtown Development Authority provides for the vitalization of the downtown area of the City of Cornelia.

The City of Cornelia Downtown Development Authority is reported in a separate column. Separate financial statements are not issued for the Authority.

NOTE 1 – (Continued)

#### Related organizations:

The Cornelia Housing Authority administers Federal funding and/or other financing for improvement of housing conditions in the City. The five citizens who serve as the Governing Board are appointed by the City Commission. The City has no significant influence over the management, budget or policies of the Cornelia Housing Authority. The Authority reports independently.

#### **B.** Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position, a statement of activities and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements - The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Individual funds are not displayed. The statements distinguish between governmental activities, generally supported by taxes, intergovernmental revenues, and other non-exchange transactions and business-type activities, which are generally financed in whole or in part by fees charged to external parties.

The statement of net position presents the financial position of the governmental and business type activities of the City at year end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities, for identifiable activity of the business-type activities of the City. Direct expenses are those that are clearly identifiable with a specific function or segment. The City does not allocate indirect expenses to functions in the statement of activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. These revenues are subject to externally imposed restrictions to these program uses.

For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which functions the revenues are *restricted*.

Taxes and other revenue sources not properly included with the program revenues are reported as general revenues of the City. The comparison between direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements – During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Fund financial statements are provided for governmental and proprietary funds.

Major individual governmental and enterprise funds are reported in separate columns.

NOTE 1 – (Continued)

**Fund Accounting** – The City uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The City uses two categories of funds: governmental and proprietary.

#### **Governmental Funds**

Governmental Funds are those through which most of the governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balance of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The City reports the difference between governmental fund assets and liabilities as fund balance. The following are the City's major governmental funds:

The General Fund is the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. The General Fund is considered a major fund for reporting purposes.

The SPLOST V Capital Projects Fund accounts for the funds from the City's share of the Habersham County Special Purpose Local Option Sales Tax. The SPLOST V Fund is considered a major fund for reporting purposes.

The Special Revenue Funds account for revenues derived from specific sources (other than capital projects) that are restricted by legal and regulatory provisions to finance specific activities. The Special revenue funds are not considered a major fund for reporting purposes.

Proprietary Fund: The Government reports the following proprietary funds:

The City reports the following major enterprise funds:

The Water and Sewer Enterprise Fund- This fund is used to account for activities connected with the development, operation and maintenance of water and sewer services in the City of Cornelia.

The City of Cornelia Water and Sewer Authority- This is a legally separate entity that is reported as blended with the Water and Sewer Enterprise Fund since all services benefit the City of Cornelia.

#### C. - Measurement Focus, Basis of Accounting

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included in the statement of net position. The statement of activities reports revenues and expenses.

Fund Financial Statements – All governmental funds are accounted for using a flow of current financial included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund

NOTE 1 – (Continued)

financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary funds types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and liabilities associated with the operation of these funds are included on the statements of net position. The statements of changes in fund net position present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting.

At the fund reporting level, governmental funds use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual method and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues- Exchange Transactions – Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the calendar year which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current calendar year. For the City, the phrase "available for exchange transactions" means expected to be received within 60 days of year end.

Revenues – Non-exchange Transactions – Non-exchange transactions, in which the City receives value without directly giving equal value in return, includes sales tax, property taxes, grants and donations. On an accrual basis, revenue from sales tax is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the calendar year for which the taxes are levied. Revenue from grants and donations is recognized in the calendar year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specific the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days for property taxes and other non-exchange transactions) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales tax, special assessments and federal and state grants.

**Expenses/Expenditures** — On the accrual basis of accounting, expenses are recognized at the time they are incurred, if measurable. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

NOTE 1 – (Continued)

## D. Assets, Liabilities and Equity

Cash and Investments - Cash and cash equivalents include amounts in demand and time deposits as well as short-term investments with a maturity date within three months of the date acquired by the City. Cash and cash equivalents are reported on the balance sheets, statements of net position and in cash flow statements. State statutes authorize the City to invest in the following types of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the United States Government or Government Agency
- Obligations of any corporation of the United States Government
- Prime Bankers acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund 1)
- Obligations of the other political subdivisions of the State of Georgia
  - 1. **Receivables** Levied property taxes are recorded as receivables and recognized as revenue in the year they become due. The levy is made on assessed valuations as of January 1, and the taxes are due on December 20 of each year.

The tax bills are mailed at least 60 days prior to the due date. The billings are considered past due 60 days after the tax billings date or December 20, whichever is later, at which time the applicable property is subject to lien, and penalties are assessed.

All trade and property tax receivables are shown net of an allowance for uncollectibles, where applicable.

#### 2. Interfund Balances

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to /from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to / from other funds." Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

#### 3. Inventories

The cost of supplies is recorded as expenditure at the time the individual items are purchased. The amount of inventory on hand is insignificant and therefore not recorded.

### 4. Capital Assets

Capital outlays are recorded as expenditures of the General Fund and as assets in the government-wide financial statements to the extent that the City's capitalization threshold is met. The City capitalizes asset purchases valued at \$5,000 or more. Depreciation is recorded on general fixed assets on a government-wide basis. Capital outlays of the Proprietary Fund are recorded as fixed assets and depreciated over their estimated useful lives on a straight-line basis on both the funds basis and the government-wide basis. All fixed assets are valued at historical cost or estimated historical cost if actual cost was not available. Donated fixed assets are valued at their estimated fair market value on the date donated.

NOTE 1 - (Continued)

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenditures that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

Major outlays of capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the assets constructed. No interest was capitalized during 2015.

Infrastructure (roads, bridges and traffic lights) acquired prior to January 1, 2000 have not been reported.

#### 5. Compensated Absences

The City's policy does not allow the accumulation of vacation pay beyond a six-month period subsequent to year-end. Vacation taken subsequent to year-end requires approval of the department head and the Mayor and is lost if not taken by the end of the six-month period. The amount of 2015 vacation time taken in 2016 could not be reasonably estimated but it deemed to be immaterial. Sick pay benefits are nonvesting accumulating rights and are not accrued as allowed by FASB-43 (Accounting for Compensated Absences).

### 6. Accrued Liabilities and Long-term Obligations

The City reports long-term debt of governmental activities at face value in the Government-wide Statement of Net Assets. Long-term debt is not reported for governmental activities in the fund financial statements. Long-term debt and other obligations financed by the proprietary fund are reported as liabilities in both the Government-wide and fund financial statements.

### 7. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund balance – Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable Fund balances are reported as nonspendable when the amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash like inventories and prepaid items) or (b) legally or contractually required to be maintained intact.
- Restricted Fund balances are reported as restricted when there are limitations imposed on their use either through
  the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws
  or regulations of other governments.
- Committed Fund balances are reported as committed when they can be used only for specific purposes pursuant
  to constraints imposed by formal action of the Board of Commissioners through the adoption of a resolution prior
  to the end of the fiscal year. In order to modify or rescind the commitment, the Board of Commissioners must
  adopt another resolution.
- Assigned- Fund balances are reported as assigned when the amounts are constrained by the City's intent to be used
  for specific purposes, but are neither restricted nor committed. Through resolution, the Board of Commissioners
  has authorized the City's finance director to assign fund balances.

NOTE 1 – (Continued)

• Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all other governmental funds.

Net Position – The net position represents the difference between assets and liabilities. The net position component "invested in capital assets, net of related debt" consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any debt used for the acquisition, construction, or improvement of those assets. In determining the outstanding balance of any borrowing, proceeds of that debt which has not been spent is deducted. Accounts payable for costs related to acquisition, construction, or improvement of those capital assets is considered debt for this calculation. Net assets are reported as restricted as described in the fund balance section above. All other assets are reported as unrestricted.

Fund Balance Flow Assumptions – Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Net Position Flow Assumptions – Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted- net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

#### 8. Operating Revenue and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water and development. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund.

### 9. Interfund Activity

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/ expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

#### 10. Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the

NOTE 1 – (Continued)

reported amounts of revenues and expenditures/expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### 11. Deferred Outflows/Inflows of Resources

The City implemented GASB Statement No. 63 Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position and GASB No. 65, Items Previously Reported as Assets and Liabilities in fiscal year 2013. This implementation resulted primarily in changes to terminology and the elimination of reporting unamortized debt issuance costs (i.e., unamortized loan origination fees) as a deferred charge.

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources, This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditures) until then. The City has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents the acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### A. Budgetary Information

On or before the end of December of each year, all departments of the City submit requests for appropriation to the City's Management so that a budget may be prepared. The budget is prepared by fund, function and activity and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

Before December 31st the Proposed Budget is presented to the City's Council for review. The City Council holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the City's Management. The revenue estimates must be changed by an affirmative vote of a majority of the City Council. The budget was not amended during the year.

#### NOTE 3 – DEPOSIT AND INVESTMENT RISK

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned. The City has no formal policy, but follows the State of Georgia requirement that all deposits be federally insured or fully collateralized. At December 31, 2016 the City had no uninsured, uncollateralized deposits.

#### **Interest Rate Risk**

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### Credit Risk

State of Georgia law limits investments to include certificates of deposit, repurchase agreements, direct and agency obligations of the United States, obligations of the State of Georgia or other states, obligations of other political subdivisions of the State of Georgia, and pooled investment programs of the State of Georgia. The City has no investment policy that would further limit the investment choices. Investments are to be reported at fair value.

#### Concentration of Credit Risk

The City has no formal policy on the amount the City may invest in any one issuer.

#### Foreign Currency Risk

The City has no investments denominated in a foreign currency.

#### NOTE 4 - NOTES AND ACCOUNTS RECEIVABLE

#### **Primary Government**

Receivables at December 31, 2016 consisted of the following:

Major Funds General Fund

 Taxes
 \$ 808,869

 Service Fees
 33,390

Enterprise Funds

Water and Sewer 647,335

Total Primary Government \$ 1,489,594

The delinquent taxes receivable account represents uncollected tax levies. No allowance for uncollectible taxes has been provided as delinquent taxes are considered fully collectible.

Property taxes are assessed as of January 1, 2016 on property values. Taxes were levied on November 8, 2016 for the 2016 tax year, and were due on January 8, 2017. All unpaid taxes levied on December 21, 2016 become delinquent as of January 9, 2017. Interest and penalties accrue after January 9, 2017.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within 60 days after year end.

Due to the high collection rate in the Enterprise Fund, no allowance has been made for bad debts.

#### **Component Unit**

### Cornelia Downtown Development Authority

Notes receivable from an individual, 4.5% interest per annum, to be paid in monthly installments of \$2,518.32 from December 1, 2015 through August 1, 2019 with the last payment a balloon payment of \$331,521.07.

367,479

Due within one year \$ 14,821

Total	\$_	610,074	\$	(500,000)	\$	(110,074)	\$	

## NOTE 5 – (Continued)

Interfund transfers are used to 1) move revenues from the fund that statute or budget requires them to the fund that statute or budget requires to expend them, and 2) use restricted revenues collected to finance various programs accounted for in other funds in accordance with budgetary authorizations. Transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or business-type group.

The amount of interest expense for the year in the General Fund was \$ 34,209. The amount of interest expense for the year in the Business-Type activities was \$ 160,681.

NOTE 7 – (Continued)

The proprietary fund has incurred debt for the construction and improvement of water and sewer facilities. This debt is reported in the Proprietary Fund since it is expected to be repaid from Proprietary Fund Revenues.

This debt is however backed by the full faith and credit of the government and is considered general obligation debt.

#### Notes Payable - South State Bank

During the year 2012 the City transferred certain assets held in the water and sewer utility fund to the City of Cornelia Water and Sewer Authority. These assets were from the wastewater treatment facility. The Authority then obtained new financing with South State Bank at a lower interest rate. The proceeds from three loans were used to pay off the City's debt to the Georgia Environmental Facilities Authority.

The description and amortization of these loans is as follows:

On October 31, 2012, the City entered into a loan with South State Bank to pay off loans with the Georgia Environmental Facilities Authority. The original amount of this loan was \$1,714,417.28. Principal and interest shall be due and payable in one hundred eighty monthly payments in the amount of \$12,084.53, commencing on November 30, 2012, and continuing monthly until October 30, 2027. The note bears interest at 2.84% per annum.

### Amortization of this loan is as follows:

Year Ending	 Principal	Interest		Total
2017	\$ 103,084.31	\$ 41,930.05	\$	145,014.36
2018	106,532.86	38,481.50	•	145,014.36
2019	110,096.75	34,917.61		145,014.36
2020	113,687.97	31,326.39		145,014.36
2021	117,583.18	27,431.18		145,014,36
2022-2026	649,567.71	75,504.09		725,071.80
2027	 119,092.79	1,799.94		120,892.73
Total	\$ 1,319,645.57	\$ 251,390.76	\$	1,571,036.33

#### NOTE 7 – (Continued)

On October 31, 2012, the City entered into a loan with Southstate Bank to pay off loans with the Georgia Environmental Facilities Authority. The original amount of this loan was \$4,479,799.69. Principal and interest shall be due and payable in 36 quarterly payments in the amount of \$140,195.43, commencing on January 30, 2013, and continuing monthly until October 31, 2021. The note bears interest at 2.60% per annum.

## Amortization of this loan is as follows:

Year Ending		Principal	_	<u>Interest</u>	Total
2017	- \$	496,641.70	\$	64,140.02	\$ 560,781.72
2018		509,863.70		50,918.02	560,781.72
2019		523,437.71		37,344.01	560,781.72
2020		537,303.14		23,478.58	560,781.72
2021		551,557.99		9,104.08	560,662.07
	\$	2,618,804.24	\$	184,984.71	\$ 2,803,788.95

On October 31, 2012, the City entered into a loan with Southstate Bank to pay off loans with the Georgia Environmental Facilities Authority. The original amount of this loan was \$1,618,347.50. Principal and interest shall be due and payable in 36 quarterly payments in the amount of \$140,195.43, commencing on January 30, 2013, and continuing monthly until October 31, 2021. The note bears interest at 2.60% per annum.

NOTE 7 – (Continued)

### Notes Payable - Georgia Environmental Facilities Authority (GEFA)

The City entered into an agreement with the Georgia Environmental Facilities Authority (GEFA) in the amount of \$975,000 for Sewer system improvements which is in progress at December 31, 2016. GEFA agrees to forgive \$195,000 of the loan if all funds are drawn. The city has drawn \$519,148 on this agreement and recognized \$103,829 in principal forgiveness. The current loan balance for this note is \$415,318.48. Monthly installments of principal and interest are due beginning the on the first day of the calendar month following the date the loan is fully disbursed (the Amortization Commencement Date). This loan was not in repayment status as of December 31, 2016.

### Notes Payable - Georgia Environmental Facilities Authority (GEFA)

The City entered into agreements with the Georgia Environmental Facilities Authority (GEFA) for Water and Sewer system improvements which are in progress at December 31, 2016. The city has drawn \$1,127,894.35 as of December 31, 2016. Monthly installments of principal and interest are due beginning the on the first day of the calendar month following the date the loan is fully disbursed (the Amortization Commencement Date). This loan was not in repayment status as of December 31, 2016.

### Component Unit

### Cornelia Downtown Development Authority

The following is a summary of Long-Term Debt transactions of the City of Cornelia Downtown Development Authority for the year ended December 31, 2016

Payable December 31, 2014	\$ 379,959
New Debt	,
Debt Retired	(16,407)
Payable December 31, 2015	\$ 363,552

On June 13, 2014, the Cornelia Downtown Development Authority (the Authority) entered into a loan with South State Bank to make available funds for economic development in the City. The proceeds were loaned to an individual to facilitate the purchase of a downtown restaurant. The original amount of this loan was \$300,000, with an additional funding of \$100,000 during fiscal year ended December 31, 2015. Principal and interest shall be due and payable in forty four monthly payments in the amount of \$2,518.32, commencing on December 1, 2015, and continuing monthly until August 1, 2019 with the last payment being a balloon payment of \$331,521.07. The note bears interest at 2.25% per annum.

NOTE 7 – (Continued)

Amortization of this loan is as follows:

Year Ending		Principal	Interest	 <u>Total</u>
2017		15,624.46	\$ 9,308.06	\$ 24,932.52

NOTE 8 – LEASES

### **Capital Leases**

The City has entered into certain capital lease agreements under which the related equipment will become the property of the City when all terms of the lease agreement are met.

Equipment and related accumulated depreciation under capital leases are as follows:

	Governmental	Proprietary
	<u>Activities</u>	<u>Fund</u>
Equipment	\$ 1,623,001	\$ 37,705
Less: Accumulated Depreciation	(92,672)	(7,540)
Net Value	\$ <u>1,530,329</u>	\$ <u>30,165</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2016 were as follows:

Year ending December 31		Governmental	Proprietary		
		Activities		Funds	
2017	\$	373,175.08	\$	10,294.60	
2018		373,175.08		10,294.60	
2019		368,996.76		10,294.60	
2020		227,751.91			
		1,343,098.83		30,883.80	
Less Interest		(44,232.81)		(2,108.06)	
	\$	1,298,866.02	\$	28,775.74	
	_				

NOTE 8 – (Continued)

### Georgia Municipal Association/BB&T Governmental Finance

On December 15, 2014 the City entered into a Capital Lease with the Georgia Municipal Association/BB&T Governmental Finance for the acquisition of an Interop Records Management System for the Police Department. This lease agreement qualifies as a capital lease for accounting purposes (title transfers at end of lease term) and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception. The original amount of the lease was \$ 63,413. The lease calls for five (5) yearly payments of \$13,610.19 beginning January 12, 2015. This lease has interest rate of 3.5% per annum. The asset is recorded in the General Fund. The accumulated depreciation on this asset is \$12,683, and the current depreciation expense was \$6,341, for the fiscal year ended December 31, 2016.

The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at December 31, 2016:

Year Ending	 Principal	Interest		Total
2017	\$ 12,275.61	\$ 1,334.58	\$	13,610.19
2018	12,705.26	904.93	*	13,610.19
2019	 13,149.95	460.24		13,610.19
Total	\$ 38,130.82	\$ 2,699.75	\$	40,830.57

### Digital Ally

On September 10, 2014 the City entered into a Capital Lease with Digital Ally for the acquisition of 12 Vehicle Cameras for the Police Department. This lease agreement qualifies as a capital lease for accounting purposes (title transfers at end of lease term) and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception. The original amount of the lease was \$47,795. The lease calls for sixty (60) monthly payments of \$901.95 beginning November 1, 2014. This lease has interest rate of 5.0% per annum. The assets are recorded in the General Fund. The asset is recorded in the General Fund. The accumulated depreciation on this asset is \$11,152, and the current depreciation expense was \$4,780, for the fiscal year ended December 31, 2016.

The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at December 31, 2016:

Year Ending	 Principal		Interest		Total
2017	\$ 9,720.69	\$	1,102.71	<b>\$</b> —	10,823.40
2018	10,218.04		605.36		10,823.40
2019	 6,530.31		114.76		6,645.07
Total	\$ 26,469.04	\$ _	1,822.83	\$	28,291.87

NOTE 8 – (Continued)

### Georgia Municipal Association/South State Bank

On February 25, 2016 the City entered into a Lease Purchase Agreement with the Georgia Municipal Association/South State Bank for the acquisition of new Ladder Truck and improvements at the Midway Fire Station for the Fire Department. This lease agreement qualifies as a capital lease for accounting purposes (title transfers at end of lease term) and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception. The original amount of the lease was \$1,000,000. The lease calls for fifty one (51) monthly payments of \$20,164.93 beginning April 1, 2016. This lease has interest rate of 1.28% per annum. The assets are recorded in the General Fund. The asset is recorded in the General Fund. The accumulated depreciation on this asset is \$23,912, and the current depreciation expense was \$23,912, for the fiscal year ended December 31, 2016.

The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at December 31, 2016:

Year Ending		Principal		Interest _		<u>Total</u>
2017	·	232,621.66	\$	9,357.50	\$	241,979.16
2018	•	235,658.60		6,320.56		241,979.16

	<u>s</u> —	827,546.78	\$	19,380.28	\$	846,927.06
Total	⊸	827,540.76	: Ψ	17,500.20	. *	

### Georgia Municipal Association/BB&T Governmental Finance

On January 28, 2016 the City entered into a Lease Purchase Agreement with the Georgia Municipal Association/BB&T Governmental Finance for the acquisition of one 2016 Garbage Truck, six 2016 Ford Utility Interceptors, five 2016 Dodge Durangos, one 2016 Ford F150 and one 2016 Ford F250. This lease agreement qualifies as a capital lease for accounting purposes (title transfers at end of lease term) and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception. The original amount of the lease was \$511,793. The lease calls for five annual payments of \$106,762.33 beginning March 25, 2016. This lease has interest rate of 0.198% per annum. The assets are recorded in the General Fund. The asset is recorded in the General Fund. The accumulated depreciation on this asset is \$41,468 and the current depreciation expense was \$41,468, for the fiscal year ended December 31, 2016.

The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at December 31, 2016:

Year Ending	Principal	Interest	Total
2017	 98,709.29	\$ 8,053.04	\$ 106,762.33
2018	100,663.73	6,098.60	106,762.33
2019	102,656.88	4,105.46	106,762.34
2020	104,689.48	2,072.85	106,762.33
Total	\$ 406,719.38	\$ 20,329.95	\$ 427,049.33

NOTE 8 – (Continued)

### Georgia Municipal Association/BB&T Governmental Finance

On January 19, 2014 the City entered into a Capital Lease with the Georgia Municipal Association/BB&T Governmental Finance for the acquisition of an 2009 Ford F550 Bucket Truck for the Water Department. This lease agreement qualifies as a capital lease for accounting purposes (title transfers at end of lease term) and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of inception. The original amount of the lease was \$48,000. The lease calls for five (5) yearly payments of \$10,294.60 beginning January 19, 2015. This lease has interest rate of 3.62% per annum. The asset is recorded in the Water and Sewer Enterprise Fund. The accumulated depreciation on this asset is \$7,540 and the current depreciation expense was \$3,770, for the fiscal year ended December 31, 2016.

Year Ending	 Principal	Interest	Total
2017	 9,252.92	1,041.68	10,294.60
2018	9,587.87	706.73	10,294.60
2019	 9,934.95	359.65	10,294.60
Total	\$ 28,775.74	\$ 2,108.06	\$ 30,883.80

### NOTE 9 - EMPLOYEE RETIREMENT PLAN

### PLAN DESCRIPTION

The City, by ordinance, on August 1, 1972 established a retirement plan for its employees to be funded through the Georgia Municipal Employees Benefit System (GMEBS), an agent, multiple-employer type defined benefit pension plan. The Georgia Municipal Employees Benefit System issues a stand-alone

financial report that included a schedule of member net assets, listing the net assets held by the City of Cornelia. That report may be obtained by writing to the Georgia Municipal Association, 201 Pryor Street, SW, Atlanta, Georgia 30303. The City is required to contribute at an actuarially determined rate. The actuarial valuation date was July 1, 2016.

Employees are not required to contribute to the plan. The contribution requirement of the City is established and may be amended by the Board of Trustees of the Georgia Municipal Employees Benefit System.

The City's plan, City of Cornelia Retirement Plan, provides retirement and death and disability benefits for all employees effective from the date of hire.

Vested employees who have reached the age of 65 and have completed five years of credited service are eligible to receive a monthly benefit, payable for life. The benefit is equal to 1.0% of the employees' average salary up to a floating break point and 1.75% of the employee's average salary above the floating break point for the five highest years of employment multiplied by the years of credited service. Members are vested after ten years of service has been completed. The floating break point is based upon average Social Security earnings determined by the

NOTE 9 - (Continued)

employee's year of employment termination. The plan also provides benefits in the event of death or disability. These benefits provisions were established by an adoption agreement executed by the City Council.

### Current Membership is as follows:

Number of retired participants and beneficiaries	37
Number of vested former participants	10
Number of active vested employees	<u>28</u>
Total number of participants	75

### **Funding Policy**

City employees are not required to contribute to the Plan. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the plan which meets state requirements. The City is required to contribute at an actuarially determined rate; the current rate is 10.87% of annual covered payroll. The prior year contribution rate was 11.85%. The new rate is a decrease of .98% of pay. The contribution requirements of plan members and the City are established and may be amended by the Georgia Municipal Employee Benefit System Board of Trustees.

### Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

As of December 31, 2016, the City reported a net pension liability of \$1,619,942. The net pension liability was measured on March 31, 2016, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of July 1, 2016. For the fiscal year ended December 31, 2016, the City recognized a pension expense in the amount of \$290,167.

At December 31, 2016, the City reported deferred outflows and deferred inflows of resources related to the plan from the following sources:

	Deferred Outflows of		Deferred Inflows of
		Resources	Resources
Differences between expected and actual experience	\$	55,921	\$
Changes in assumptions		187,759	(13,816)
Net difference between projected and actual earnings			
on pension plan investments			(40,929)
City contributions subsequent to the measurement date		69,541	
Total	\$	313,221	\$ (54,745)

NOTE 9 – (Continued)

The \$40,929 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction in net position liability in the fiscal year ending December 31, 2016. Other amounts reported as deferred outflows of resources will be recognized in pension expense as follows:

Year Ending		
December 31		
2017	\$	13,643
2018		13,643
2019	_	13,643
	\$	40,929

### **Actuarial Assumptions**

8

10 or more

The total pension liability in the July 1, 2016 actuarial valuation was determined using the following actuarial assumptions as applied to all periods included in the measurement:

Inflation	3.25% per year
Cost of Living Adjustment	0% per year
Investment Return:	7.75% per year
Future Salary Increases:	3.25% per year with an age based scale as follows:
Years of	Annual Rate
Service	(%)
0-1	8.75
2	5.75
3	5.50
4	5.25
5	5.00
6	4.75
7	4.50

Healthy mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females. Disabled rates were based on the RP-2000 Disabled Retiree Mortality Table with sex-distinct rates.

4.25 4.00

3.75

NOTE 9 – (Continued)

The mortality assumptions used in the July 1, 2016 actuarial report were based on a four-year review of mortality experience for the period January 1, 2010 to June 30, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of March 31, 2016 are summarized in the table below:

		Long-Term	Long-Term
	Target	Expected Real	Nominal Real
Asset Class	Allocation	Rate of Return	Rate of Return
Domestic Equity	50%	5.95%	9.20%
International Equity	15%	6.45%	9.70%
Fixed Income	25%	1.55%	4.80%
Real Estate	10%	3.75%	7.00%
Cash	0%		
Total	100%		

### **Discount Rate:**

The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions from employer will be made at the contractually required rates, actuarially determined. Based on the those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the net pension liability.

NOTE 9 – (Continued)

### Changes in Net Pension Liability:

		Total Pension Liability (TPL) (a)	Fiduciary Net Position (FNP) (b)		Net Pension Liability (a)-(b)
Balances at March 31, 2015	\$	5,200,997	\$_3,843,088	\$_	1,357,909
Changes for the year:					
Service Cost		132,015	-		132,015
Interest		391,838	-		391,838
Difference between actual		41,837	_		41,837
and expected experience					,
Employer contributions		_	303,520		(303,520)
Employee contributions		-	-		(303,320)
Net investment income		_	12,041		(12,041)
Benefit payments		(290,041)	(290,041)		(12,041)
Administrative expense		(230,511)	(11,904)		11 004

Balances at March 31, 2016	\$ _	5,476,646	\$_3,856,704	\$_	1,619,942

### Sensitivity of the Net Pension Asset/Liability to Changes in the Discount Rate.

The discount rate used to measure the total net pension liability was 7.75%. The following presents what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75%) or one percentage point higher (8.75%) than the current rate:

	Discount	Net Pension
	Rate	Liability (Asset)
1% decrease	6.75%	2,326,366
Current discount rate	7.75%	1,619,942
1% increase	8.75%	1,033,108

NOTE 9- (Continued)

### Plan Fiduciary Net Position:

Detailed information about the Plan's fiduciary net position is available in a separately issued Georgia Municipal Employee Benefit System financial report.

### Other Plans:

In addition to the plan above, various City employees are covered under the Peace Officers' Annuity and Benefit Fund of Georgia. Further information regarding this plan can be obtained from the plan's annual report.

### NOTE 10 - CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts collected, may constitute a liability of the applicable funds. The amount, if any which may be disallowed by the grantor cannot be determined at this time although the government expects such amount, if any, to be immaterial.

The City is a defendant in various lawsuits. The financial statements do not include accrual of provisions for loss contingencies that may result from these proceedings. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City's counsel that an adverse resolution on all of these matters would not have a material effect on the financial condition of the government.

### NOTE 11- ECONOMIC DEPENDENCY/MAJOR CUSTOMERS

The City's Enterprise Fund for Water and Sewer Services has sales to a single customer which comprises more than ten percent of the total revenue for the enterprise fund. Sales to this customer for 2016 were \$ 4,531,867.

### **NOTE 12 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has insurance coverage with the Georgia Municipal Association. Insurance coverage and deductible options for property, casualty and crime under the policy are selected by City's management based on anticipated needs. The City is required to pay all premiums, applicable deductibles and assessments billed by the Association, as well as following loss reduction and prevention procedures established by the Association. The Association's responsibility includes paying claims, and representing the City in defense and settlement of claims. The Association's basis for estimating the liabilities for unpaid claims is established by the actuary. The City has not compiled a record of the claims paid up to the applicable deductible for the prior year or the current fiscal year. The City is unaware of any claims for which the City is liable (up to the applicable deductible) which were outstanding and unpaid at December 31, 2016. No provisions have been made in the financial statements for the year ended December 31, 2016 for any estimate of unpaid claims.

NOTE 12—(Continued)

The city has elected to be a member of the Georgia Municipal Association of Worker's Compensation Self-Insurance Fund (GMAWCSIF), a risk management agency created under Georgia Law. As a participant in the GMAWCSIF, the City has no legal obligation to pay its own workers' compensation claims. The City is required to make an annual contribution to the fund in an amount that is determined on the basis of actuarial projections of losses. With payment of the City's annual contribution, the City has effectively transferred the risk and responsibility for payment of its workers' compensation claims. However, the enabling statute creating GMAWCSIF permits the fund to levy an assessment upon its members to make up any deficiency the fund may have in surplus or reserves. No amount has been recorded in the general purpose financial statements for this contingency, as management believes the likelihood for assessment is remote.

### NOTE 13- GEORGIA MOUNTAIN REGIONAL COMMISSION

The City of Cornelia , in conjunction with cities and counties in the Northeast Georgia area, is a member of the Georgia Mountains Commission. Membership in a Regional Commission is automatic for each municipality and county in the state. The official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the Commissions. Each county and municipality in the state is required by law to pay minimum annual dues to the Commission During its year ended December 31, 2016, the City paid \$4,609 in such dues. The Commission Board membership includes the chief elected official of each county and the chief elected official of each municipality. The County Board members and municipal Board members from the same county elect one member of the Board who is a resident ( but not an elected or appointed official or employee of the county or municipality) to serve as the non-public Board member from a County. Separate financial statements can be obtained from:

Georgia Mountains Regional Commission P.O. Box 1720 Gainesville, Georgia 30503

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines Commissions as "public agencies and instrumentalities of their members". Georgia laws also provide that the member governments are liable for any debts or obligations of a Commission beyond its resources. (O.C.G.A. 50-8-39.1)

### NOTE 14 – HOTEL MOTEL TAX

As required by code section 48-13-51 of the O.C.GA the City is required to spend 40% of the first 5% of the tax assessed on the promotion of tourism and trade. In addition, 50% of the amount assessed over 5% must also be expended of promotion of tourism and trade.

		<u>Amount</u>	
	Amount	Percent	
Collections	\$	<u>289,406</u>	100%
Habersham Chamber of Com	merce \$	63,669	
Cornelia Hospitality and Tour	rism Board	60,695	
	\$	124,364	43%

### NOTE 15 - PRIOR PERIOD ADJUSTMENT

### Governmental Activities

A prior period adjustment has been made to record correct the balance in Property Taxes receivable at December 31, 2015. The adjustment was to the amount from a detailed listing of taxes receivable. This amount was not available in the prior period. This adjustment decreased the beginning net position by \$220,923.

IN ACCORDANCE WITH THE GOVERNMENTAL ACCOUNTING SECUNDARIOS BOARDS TATEMENT NO. METHER FOLLOWING INFORMATION IS A REQUIRED PART OF THE FINANCIAL STATEMENTS.

### CITY OF CORNELIA, GEORGIA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION YEAR ENDED DECEMBER 31, 2016

### BUDGETARY ACCOUNTING AND CONTROL

The City Commission annually adopts budgets for the General Fund of the Primary Government. All appropriations are legally controlled at the departmental level for the General Fund. There were no budget amendments made during the year. The budgets are integrated into the accounting compare the expenditures with actual budgets.

All budgets are presented on the modified accrual basis of accounting. Accordingly, the Budgetary Comparison Schedule for the General Fund presents actual expenditures in accordance with the accounting principles generally accepted in the United States on a basis consistent with the end of each fiscal year.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditures are recorded to reserve that portion of the applicable appropriation-, is not utilized by the City of Cornelia.

### **PENSIONS**

### 1. Valuation Date

The actuarially determined contribution rate was determined as of July 1, 2016, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending December 31, 2017.

### 2. Methods and Assumptions Used to Determine Contribution Rates:

- Actuarial cost method = Projected unit credit
- Amortization method = Closed level dollar for remaining unfunded liability
- Remaining amortization period = Remaining amortization period varies for the bases, with a net effective amortization period of 24 years
- Asset valuation method = Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
- Net investment rate of return = 7.75%
- Projected salary increases = 3.25% plus service based merit increases
- Cost of living adjustments = 0.00%
- Retirement age for inactive vested participants = 65
- Mortality = Healthy mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females. Disabled mortality rates were based on the RP-2000 Disabled Retiree Mortality Table with sex-distinct rates.

### CITY OF CORNELIA, GEORGIA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION YEAR ENDED DECEMBER 31, 2016

### 3. Changes in Benefits

Effective January 1, 2015, the Plan was amended to provide for immediate participation for employees. This change has no impact on service credited under the Plan and has no impact on benefits.

### 4. Changes of Assumptions

Amounts reported for the fiscal year ending in 2016 and later reflect the following assumption changes based on the results of an actuarial experience study covering the period of January 1, 2010 to June 30, 2014:

- The mortality table for disabled participants was changed to remove the two-year set-forward for males and the one-year set-forward for females.
- The turnover rates were updated to introduce select rates for service less than five
  years and to reduce the ultimate rate by 15% and to assume no turnover on and
  after age 55. The select period rates were further constrained to not be less than the
  ultimate rates.
- The retirement rates where normal retirement is only available on or after age 65 were changed from the prior assumption of 100% at age 65 to the new assumption of 60% at ages 65 to 69 and 100% at age 70. Where normal retirement is available prior to age 65, the rates were changed from the prior assumption of 100% at earliest unreduced age, but not below age 60, to the new assumption of 10% at ages 55 to 59, 20% at age 60, 25% at age 61, 35% at age 62, 40% at age 63, 45% at age 64, 50% at ages 65 to 69, and 100% at age 70.
- The inflation adjustment assumption was decreased from 3.50% to 3.25%.
- The salary increase assumption was changed from select period rates during the first five years of service, followed by age-related rates to an assumption based on new service- related rates. Under the prior assumption, the salary increases range from 4.00% to 11.00% and included an inflation assumption of 3.50%. Under the new assumption, the salary increases range from 3.75% to 8.00% and include an inflation assumption of 3.25%.

#### **ENTERPRISE FUNDS**

ENTERPRISE FUNDS ARE USED TO ACCOUNT FOR OPERATIONS THAT ARE FINANCED AND OPERATED IN A MANNER SIMILAR TO PRIVATE BUSINESS ENTERPRISES. THE FUNDS ARE SELF-SUPPORTING IN NATURE WHERE THE COSTS, INCLUDING DEPRECIATION, OF PROVIDING GOODS OR SERVICES TO THE GENERAL PUBLIC ON A CONTINUING BASIS ARE FINANCED OR RECOVERED PRIMARILY THROUGH USER CHARGES.

#### Water and Sewer Fund

This fund is used to account for activities connected with the development, operation and Maintenance of water and sewer activities in the City of Cornelia.

#### City of Cornelia Water and Sewer Authority

The authority was established to hold certain assets and related debt of the City of Cornelia Water and Sewer Fund. These assets are leased back to the City.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council City of Cornelia Cornelia, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Cornelia, Georgia, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City of Cornelia, Georgia's basic financial statements and have issued our report thereon dated June 30, 2017.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Cornelia, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Cornelia, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Cornelia, Georgia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses. This is reported as item 2012-1

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Cornelia, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Audit Standards*.

#### City of Cornelia, Georgia's Response to Findings

Dinas & Francis, crat, LCE

City of Cornelia, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. City of Cornelia, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and Members of the City Council City of Cornelia Cornelia, Georgia

#### Report on Compliance for Each Major Program

We have audited the City of Cornelia, Georgia's compliance with the types of compliance requirements described in the *OMB Circular Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2016. The City of Cornelia, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

#### Auditor's Responsibilities

Our responsibility is to express an opinion on compliance for each of the City of Cornelia, Georgia's major programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the City of Cornelia, Georgia's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the City of Cornelia, Georgia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

#### Report on Internal Control over Compliance

Management of the City of Cornelia, Georgia, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Cornelia, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect or correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing on internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### CITY OF CORNELIA, GEORGIA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS DECEMBER 31, 2016

#### NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Cornelia, Georgia under programs of the federal government for the fiscal year ended December 31, 2016. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because this schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as a reimbursement.

NOTE 3 – De Minimis Indirect Cost Rate

The City of Cornelia, Georgia has elected not to use the 10 percent *de minimis* indirect cost rate allowed under Uniform Guidance.

#### NOTE 4 – OUTSTANDING LOAN BALANCES

The City of Cornelia Water and Sewer Enterprise fund has an outstanding balance from federal funding sources as follows:

66.458 - Drinking Water State Revolving Loan Fund - \$415,318.

#### CITY OF CORNELIA, GEORGIA SCHEDULE OF FINDINGS AND QUESTIONED COSTS DECEMBER 31, 2016

#### 2. Financial Statement Findings

- A. Current Year Audit Findings
  None
- B. Prior Year Audit Findings

#### **Comment 2012-1**

Condition:

City personnel may require additional training in the application of generally accepted accounting principles and the preparation of financial statements. Currently, the City relies on the external auditors for technical assistance in applying generally accepted accounting principles and the preparation of the financial statements. This is common in governments of similar size and structure of the City. This does not indicate that the Finance Director is not trained to perform the daily accounting functions, but that the City has elected as a cost benefit to outsource this expertise to their auditors. As required, we have indicated this as a significant deficiency in our on Internal Control and Compliance.

Criteria:

The City should possess the ability to prepare its own financial statements or have access to someone with adequate technical training and education to review the financial statements prepared by others.

Cause:

The City staff does not have the accounting skill necessary to prepare financial statements in accordance with accounting principles generally accepted in the United States.

Effect:

The City does not possess adequate capabilities to prepare financial statements in accordance with accounting principles generally accepted in the United States.

Recommendation:

on: The City should continue to receive training in identification and application of generally accepted accounting principles and the preparation of the City's financial statements.

Management Response: The City agrees with the finding.

#### 3. Federal Award Findings and Questioned Costs

The audit of the basic financial statements and schedule of expenditures of federal awards disclosed no audit findings or questioned costs which are required to be reported under *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.* 

#### STATE REPORTING SECTION

THIS SECTION CONTAINS ADDITIONAL REPORTS REQUIRED BY THE STATE OF GEORGIA.
