Keith Ethridge
181 Larkin St
Cornelia, GA 30531

Subject: Underground Utility Damage Policy

Georgia requires that excavators, utility operators, and individuals, including homeowners, notify [Georgia 811 Website](#) or call "811" 3 days before digging to get utilities marked.

Please be advised that The City of Cornelia will hold you liable for any utility repair and downtime costs, being the result of negligence of the excavation company. This will result in a \$1000 fine along with the cost of materials and labor needed to repair the utility damage.

Sincerely,
Keith Ethridge
Utilities Director of The City of Cornelia

A handwritten signature in black ink that reads "Keith Ethridge".
